Part III DETAILED ACTION

Notice to Applicant(s)

1. This action is responsive to the following communications: RCE filed on **12/11/2003**.
2. This application has been reconsidered. Claims 1 and 58-66 are pending.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

4. Claims 1 and 58-66 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

There is no disclosure in the original specification of “re-sizing the **drawing commands**” as repeatedly added to amended claims 1 and 58-66. The specification repeatedly discloses re-sizing **print data**, for example on page 3, lines 20-22; page 4, lines 12-17; page 19, lines 22-27, and page 20, lines 1-6. If Applicant believes that rejection to be in error, Applicant is requested to provide SPECIFIC support for this subject matter in the original specification.

5. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Art Unit: 2626

6. Claims 1 and 58-66 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In the paragraph contained in lines 7-11 of claim 1, it is unclear to the Examiner what is being re-sized. This also applies to the respective paragraphs in claims 58-66.

7. Claims 1 and 58-66 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

It is unclear to the Examiner how **drawing commands** can be "re-sized".
